

26/27 Settembre 2009

HEALTH & TEMPERAMENT DOG CLUB ITALIANO

M.W.FOX

*D.Sc., Ph.D.,
B. Vet. Med., MRCVS
IPAN Hon. Veterinary
Consultant*

Dr. Fox has a veterinary degree (B.Vet Med) from London's Royal Veterinary College; a PhD in medicine and a DSc in ethology/animal behavior, both from London University, England.

Sabato 09.30

Alcune note sul comportamento del cane, lo sviluppo & psicologia
Domande

Geni & Ambiente: Sviluppo neonatale di cuccioli e come produrre un "supercane"
Domande

Pausa 11.00-11.15

Socializzazione, il rapporto tra uomo e cane 'cradling' terapia del massaggio
Domande

Pausa Pranzo 13.00-14.30

Comunicazione, Cognitività & Emozioni
Domande

Pausa 16.00-16.15

Problemi di comportamento, genetici ed emotivi
Domande
Chiusura lavori 17.30

**Uno stage
che per argomenti
trattati ne vale
Dieci!**

Domenica 09.30

Alcune note sulla salute olistica del cane Salute & Nutrizione

Nuovi protocolli vaccinali salute ed efficacia
Domande

Pausa 10.00-11.15

Nutrizione del cane: Mangimi problemi e soluzioni-

Pausa Pranzo 13.00-14.30

Diete fatte in casa e supplementi
Domande

Pausa 16.00-16.15

Salute olistica, Natura & Ambiente: Principi % Pratica
Domande

Iscrizioni

(restituibili fino a chiusura iscrizioni ma non oltre)

Entro

Maggio: €180

Giugno: €200

Luglio: €220

Iscrizioni chiudono

Il 31/7/2009

Prezzi Concordati

Doppia B/B €90

Singola €70

Garage gratuito per chi alloggia

Pranzo Sab. & Dom. €25

(Antipasto; 1°; 2°; Dolce & Bevande)

Cena Sabato: a la carte

Lo stage si svolgerà presso
Hotel Atlantic

**Via Lanzo, 163 - 165 -
10071 BORGARO
TORINO**

Tel. +39 011 4500055
www.hotelatlantic.com

Riceverete le coordinate bancarie per effettuare il vostro versamento

UN AVVENIMENTO IRRIPETIBILE DA NON PERDERE

Lo stage si svolgerà in lingua Inglese con traduzione simultanea in Italiano

Contiamo sull'adesione di allevatori ed agonisti ma anche di "semplici" amanti del cane interessati a praticare una cinofilia di avanguardia ispirata a conclamati concetti scientifici.

Per gli addetti ai lavori M.W.Fox é un'icona e non ha certo bisogno di presentazioni. Tuttavia la barriera linguistica che separa la cinofilia Italiana dagli autori anche famosi in lingua Inglese è un fatto innegabile. Abbiamo quindi ritenuto giusto riassumere sinteticamente il lavoro di questo luminaire della cinofilia internazionale e ne sono venute fuori 19 pagine fitte fitte!

M.W.Fox è un uomo di scienza che ha lavorato in laboratorio ed in ambiente naturale dove ha studiato dai lupi ai coyote e altri componenti della famiglia dei canidi.

Come la larga maggioranza degli oratori stranieri M.W. Fox riesce a spiegare con semplicità e naturalezza concetti abbastanza complessi senza ostentare il suo sapere che il lettore si accorgerà leggendo più avanti dopo questa breve introduzione potrebbe certamente permettersi.

M.W.Fox per età e per statura professionale può permettersi di parlare liberamente delle schifezze che vengono propinate ai nostri cani facendo nomi e cognomi. Ritroviamo la stessa sincerità e lo stesso rigore quando l'argomento trattato è quello delle vaccinazioni.

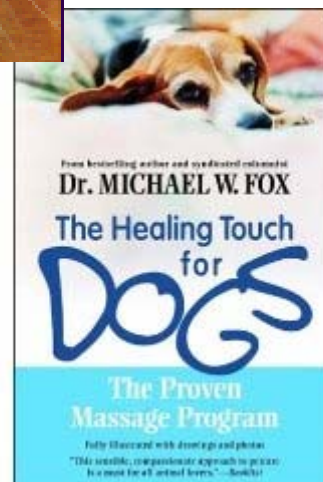

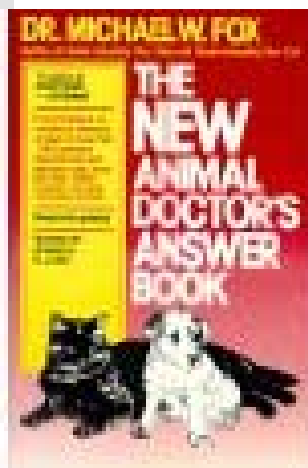

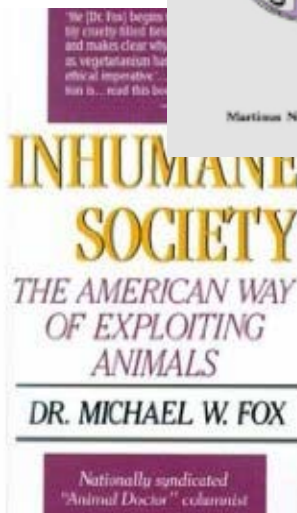

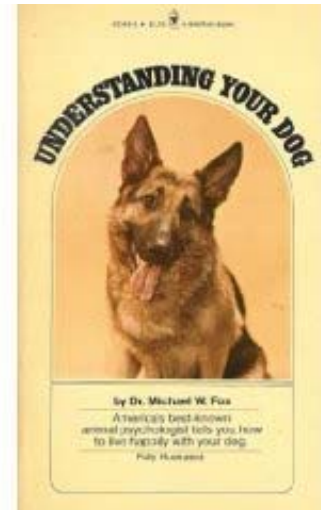

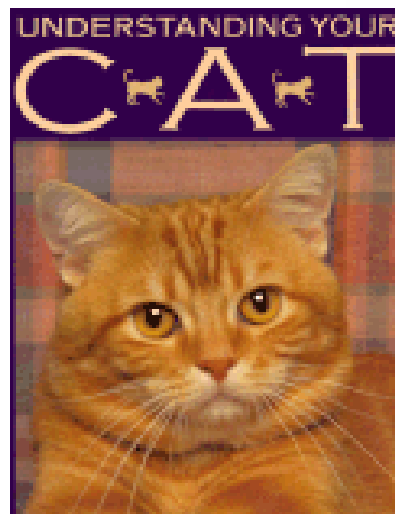

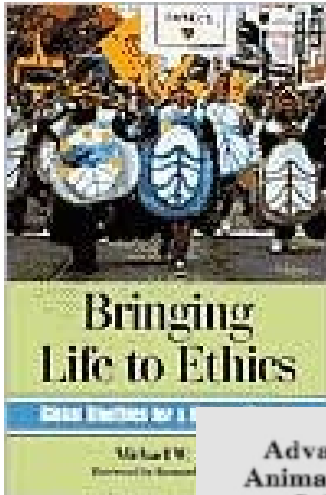

M.W.Fox è stato un precursore dei tempi; negli anni settanta quando ha iniziato ad investigare lo sviluppo cerebrale dei cuccioli (continuando sulla scia del lavoro di Scott & Fuller) ed oggi si ripete affrontando i temi della cognitivtà e delle emozioni.

Abbiamo deciso di pubblicizzare questo stage con largo anticipo per dare modo a tutti di iscriversi con ampio tempo a disposizione.

Questo è uno stage che per autorevolezza del relatore ed argomenti trattati proprio non dovete perdere!

Carlo Colafranceschi

Curriculum Vitae et Studiorum

NAME: MICHAEL WILSON FOX

CURRENT: President/Director, Fox's Pen Inc., writing, consulting and lecturing on animal health, rights, and welfare, holistic and environmental health, bioethics, biotechnology and sustainable agriculture. Syndicated newspaper columnist *Animal Doctor*, United Features, NY

EDUCATION:

Buxton College, Buxton, Derbyshire, England, 1951-1957

B.Vet .Med, Royal Veterinary College, London, England, 1957-1962. Class medals in Animal Husbandry, Pre-Clinical Studies, Pathology and Fellow of the RVC Medical Assoc.

Member of the Royal College of Veterinary Surgeons(MRCVS) 1962

PhD (Medicine) University of London, 1967

DSc (Ethology/Animal Behavior) University of London, 1976

WORK EXPERIENCE:

House Surgeon, Cambridge University, College of Veterinary Medicine, England, January - September 1962

Post doctoral fellow, Jackson Laboratory, Bar Harbor, ME, 1962-1964

Medical research associate, State Research Hospital, Galesburg, IL, 1964-1967; Assistant Prof. of Biology and Psychology, 1967-1969

Associate Prof. of Psychology, Washington University, St. Louis, MO, 1969-1976

While with The Humane Society of the United States, Washington DC, he served as:

Director, Institute for the Study of Animal Problems, 1976-1987

Scientific Director, The Humane Society of the United 1980-1987

Director, Center for Respect of Life and Environment, 1988-1990

Vice President, Bioethics and Farm Animal Protection, 1988-1997

Senior Scholar, Bioethics, 1997-2002.

Currently he works as a consulting veterinarian, lecturer, author, conservationist, and writes the nationally syndicated weekly newspaper column Animal Doctor.

He is a frequent guest on local and national TV and radio network shows.

MEMBERSHIPS

American Veterinary Holistic Medical Association

Association of Veterinarians for Animal Rights

Board Member, Global Communications for Conservation, Inc.

Founding Member, International Society of Applied Ethology

Member, British and American Veterinary Medical Associations

Formerly: Chairman, National Academy of Sciences Committee on Animal Welfare and Ethology; Member, National Academy of Sciences Committee on Dog and Cat Laboratory Care Standards;

Member, Council for Agriculture, Science and Technology Farm Animal Welfare Committee; Advisor, U.S. Army Veterinary Corps 'Super-Dog' Project; Advisor, U.S. Dept. of Agriculture National Organics Standards Board.

AWARDS

Royal Society for the Prevention of Cruelty to Animals, 1959 'For his courage and humanity in rescuing a heifer from a disused mineshaft.'

Washington University, St. Louis, Alumnus Faculty Award, 1972

Distinguished Teacher, Dog Writers' Association of America, 1973, Maxwell Award.

Christopher Award for Children's literature, 1974

International Felix Wankel Prize, 1982

For Research in Animal Welfare, The Delta Society, 1986

'For exceptionally significant contributions to our understanding of the relationships between people and animals.'

Psychologists for the Ethical Treatment of Animals, 1987

'For exceptional contribution to the advancement of animal welfare, science and philosophy.'

The Animal Welfare Foundation of Canada, the Alex Brownlee Award, 1993

'For international leadership in scientific publication promoting respect for animals, their nature and welfare.'

The Japanese Veterinary Ethological Association, 1994,

'For meritorious contributions and inspiring leadership: Honored Life Member'.
